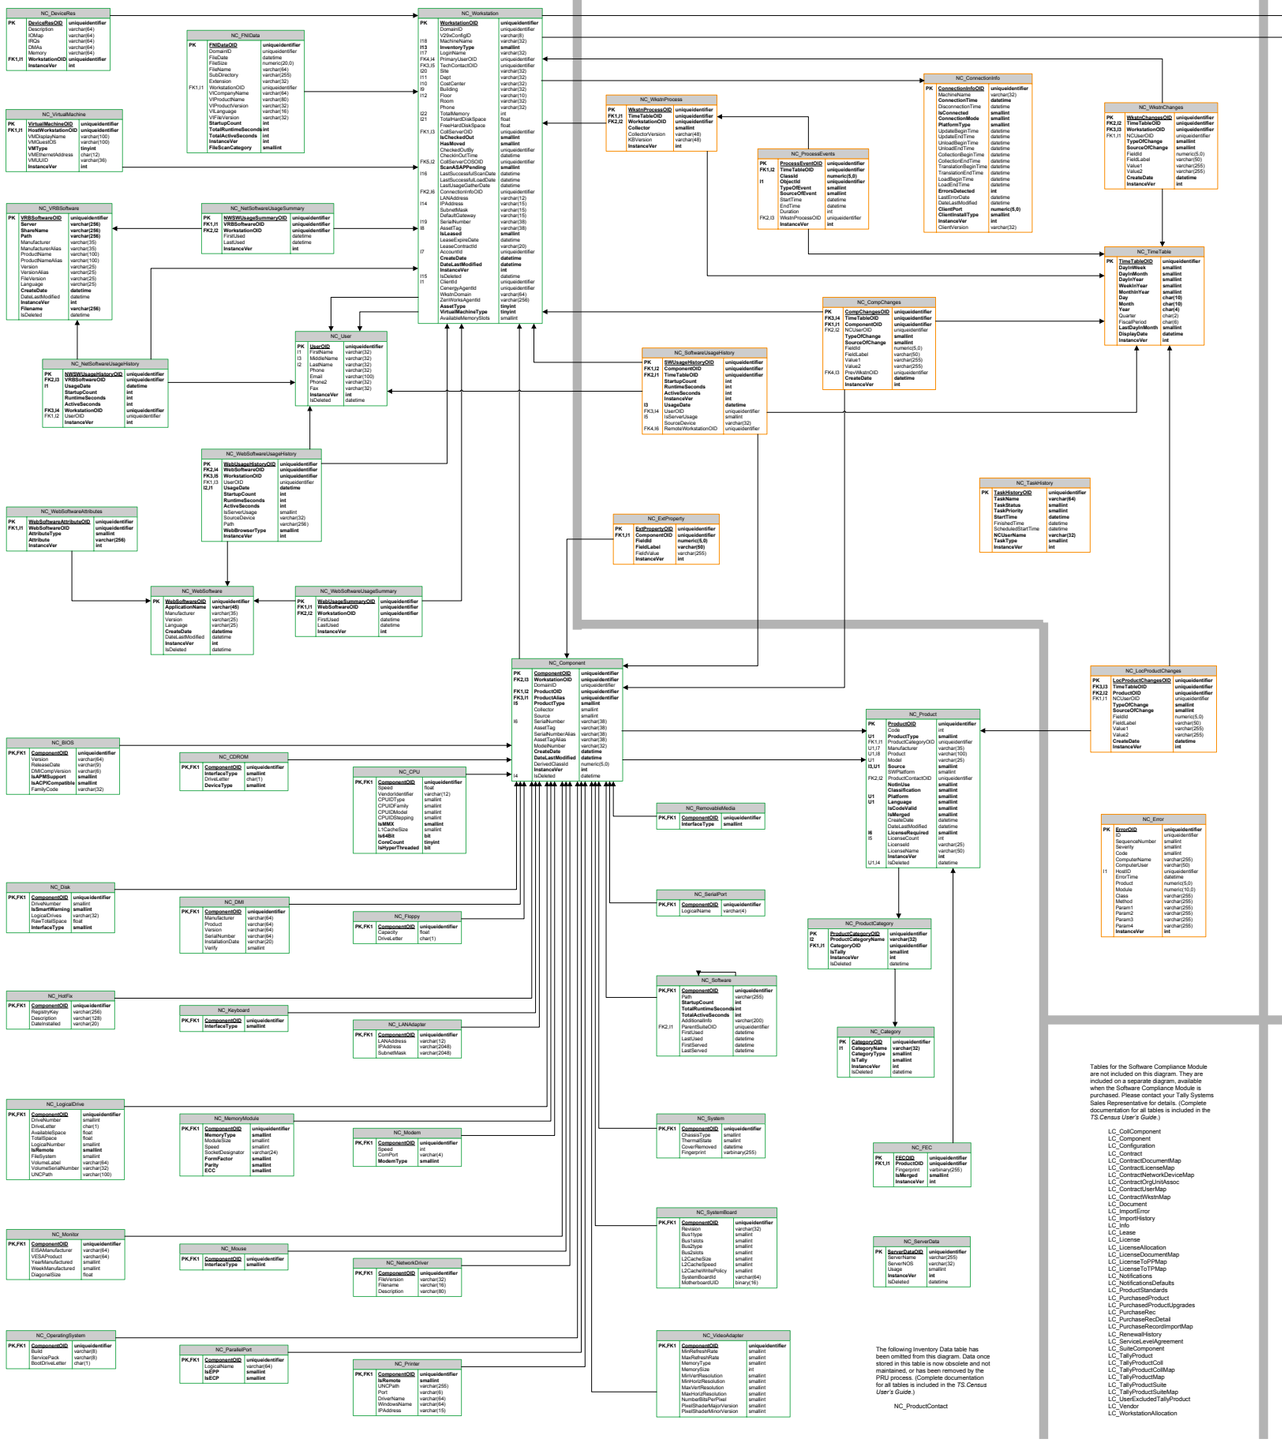
ZENworks® Asset Management Database Structure v. 7.5

Inventory Data Tables



The following Inventory Data table has been omitted from this diagram. Data once stored in this table is now obsolete and not maintained, or has been removed by the PRIU process. (Complete documentation for all tables is included in the *TS.Census User's Guide*.)

NC_ProductContact

History and Reporting Tables

Tables for the Software Compliance Module are not included on this diagram. They are included on a separate diagram, available when the Software Compliance Module is purchased. Please contact your Tally Systems Sales Representative for details. (Complete documentation for all tables is included in the *TS.Census User's Guide*.)
